Jan Deboeck

Trading on the Edge: Neural, Genetic, and Fuzzy Systems for Chaotic Financial Markets

Goodreads

Trading on the Edge: Neural, Genetic, and Fuzzy Systems for Chaotic Financial Markets. In this book, the author explores the application of neural networks, genetic algorithms, and fuzzy logic in financial markets. The book is intended for professionals and students interested in the intersection of finance and artificial intelligence. The author provides examples of how these systems can be used to analyze and predict market movements, offering a unique perspective on financial market behavior.
